

Scenario 1 (Alex)

Alex opens the app before class to check his assignments. He sees all his tasks and deadlines in one place, helping him stay organized and prepared.

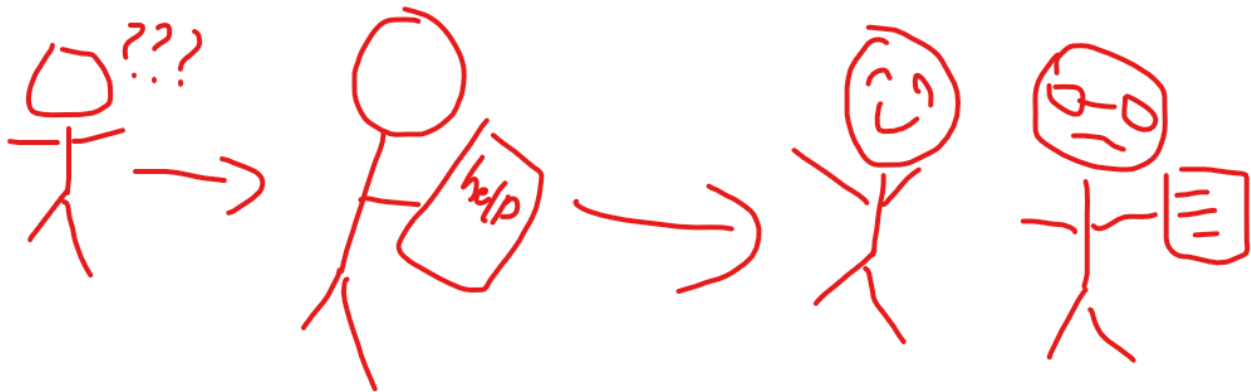

Scenario 2 (Mia)

Mia is struggling in a class and uses the app to find tutoring resources. She quickly finds help and feels more confident.

Scenario 3 (Jordan)

Jordan has a busy schedule and uses the app to organize tasks. He adds assignments and sets reminders to manage his time better.
